Agenda:
- Peter for PC? Any objections?
- 2021 [SWOT Analysis](#) / Draft [2022 Product Roadmap](#)
  - The PC needs to decide is any of the product roadmap themes need adjusting and then to provide their ideal prioritization
  - Data quality discussion:
    - Do we have a way to measure quality of the data in peeringdb?
    - We should add something to the roadmap for measuring and improving data quality in the product.
- Product Committee [process update proposal](#)
  - This is a high-level description of a proposed refinement to the PC's process
- Any other business?
