

2024-08-01 Start: 15:30 UTC **End:** 16:30 UTC

Participants: Jack, Jeff, Grizz, Yolandi, Leo, Steve, Marty

Apologies: Paul, Arnold

Main agenda

- Update on potential new member and refined work methods to better accommodate people working in Asia Pacific timezones:
 - Terry is based in Brisbane, Australia
 - Consider developing a quarterly (or thrice-yearly) work plan where PC members work to define a themed work element and deliver it over three (or four) months to improve the pace of feature development and encourage PC collaboration
 - Agree the split between feature development and bug remediation in each quarterly (thricely) work plan
- [#607](#) - draft implementation plan for “[Add location of Physical IX-Port and Router-Port](#)”
- [#1563](#) - draft implementation plan for “[Advanced Search CSV and JSON export improvements](#)”
- Update on discussion with Google
- Feedback on [preview.beta.peeringdb.com](#) - are any significant changes required before pushing this to [www.peeringdb.com](#)?
- Search issues: please aggregate new ones [here](#)

Number	Title	Summary	Consent Finalized?
#1654	Direct query access to Elasticsearch to aid search improvements	New approach to checking some search results	YES
#1646	Valid search syntax fails to return complete results as expected	ElasticSearch is not returning some valid results	Defer
#1642	Advanced Search Fails on Address Search	Advanced Search is not returning some valid results	Defer
#1640	Add carrier_count to fac object and vs versa	As title	Investigate

AC Requests

A set of issues, all stuck in 'Decide' that AC would like implemented to make its work easier.

- Jack will coordinate to confirm their priority order for bug fixes

Number	Title	Summary	Consent Finalized?
#1620	Deleted netixlan with with IP outside netixlan causes an error to be thrown when updating net records Please take #1562 and #1017 into account (<i>per Arnold</i>)	As title	
#1248	Get "rir_status: This field cannot be blank." sorted out when reverting changes	As title	
#1084	Auto approving a network is not working properly	As title	
#1076	You can't delete an IX if it still has fac associated	As title	
#1055	Include net URL to "Deletion prevented: poc" messages	As title	
#1052	Add a `poc` object to `org`	As title	
#1047	Proper JSON parsing error messages when updating via the API	As title
