## BACKLOG OVERVIEW

PC members can [click here](#) for the an issue status and planning overview

Bugs	Not Bugs
18%	82%

GitHub Milestone Categories	Number	%
Agreed for v3 API	2	1%
Yet To Decide / to be decided	88	56%
Consensus Reached	0	0%
Consensus Finalized	0	0%
Needs Implementation Discussion	21	13%
Ready for Implementation	21	13%
Scheduled	24	15%

## LAST THREE MONTHS

There is generally one release per month. Urgent bugs can be fixed with an emergency point release. There is no scheduled release during December.

Some operations work is not included in the GitHub issue summary.

Issues Closed	
Major enhancement	4
Other enhancements	12
Bugs	13
Total	29

## RELEASE OVERVIEW

Next Release (June, 2.69.0)

<a href="#">#1634</a>	<b>Major enhancement</b> Force MFA on all users	This change will improve the security of all PeeringDB user accounts and lower the likelihood of accounts being taken over and misused.
	<b>Noteworthy minor enhancement</b> Basic information about what people search for  (also preparing for “planned” status and saved searches, next month)	Getting some basic data about what people search for. The proportions of searches for: <ul style="list-style-type: none"><li>• ASNs</li><li>• IP addresses, or partial IP addresses</li><li>• Names, e.g. LINX, SIX, or Namex</li><li>• Object types in a location, e.g. fac in Madrid</li><li>• Anything else</li></ul>
<a href="#">#1756</a>	<b>Noteworthy bug fix</b> Update "operational" $\triangle$ indicator with mouseover tooltip  (also <a href="#">#1774</a> )	Web UI improvement to help users understand symbols shown on the site

### Schedule for major issues

Month, version	Major feature	Narrative
July, 2.70.0	Allow facilities to be added from facility page directly	Make it easier to add facilities, carriers etc... this should improve data quality
August, 2.71.0	Dependency updates and complete containerization deployment	This operational change will allow PeeringDB to scale better as demand changes, improving site responsiveness
September, 2.72.0	Network IX adds & deletes are immediate, rather than taking effect on Save	The current situation violates users' UI expectations. Fixing this bug should avoid users and admins getting irritated.

### Main agenda

- Backlog overview: how should we refine this report in future meeting agendas?
  - JC: is this too much detail?
- Improvements to search (rewrite, tests, support for complex queries). Proposed approach. [grizz@20c.com](mailto:grizz@20c.com) to speak?
  - V2 - lucerne syntax? Boston search needs “in”? Not much more left to do
-

Number	Title	Summary	Consent Finalized?
<a href="#">#1786</a>	Randomized Display Order for Non-Discriminatory Search Results	Apart from exact match searches, randomize the results to avoid discrimination and the rate to put AAA at the start of names	NOT YET
<a href="#">#1770</a>	Unusual characters displayed in names	Is there a reason to disallow users from using valid unicode characters to decorate their PeeringDB pages	NOT YET
<a href="#">#1768</a>	ASNAUTO ownership gave member role instead of admin role to the first affiliated user	Possibly a feature not a bug	
<a href="#">#1767</a>	Create a building object	An aggregator for separately owned facilities in a common building, which means they cannot get a campus object	DEFER
<a href="#">#1765</a>	Make radius search for facilities easier to use and less buggy	Various UI improvements to radius search	DEFER
<a href="#">#1776</a>	Implement automated canary rollout	Automatically direct a percentage of people to <a href="https://beta.peeringdb.com">beta.peeringdb.com</a> from <a href="https://www.peeringdb.com">www.peeringdb.com</a> to get more active use of beta, and so feedback on the changes proposed for production	
<a href="#">#1769</a>	Add mastodon as social media platform	We have designed guidelines and a mock-up for improvements to how we show social media accounts on users' pages <ul style="list-style-type: none"> <li>Do we even want to include social media links at all? Are people using this feature?</li> </ul>	
<a href="#">#1781</a>	Missing blank between "Register" and "or"	Valid UI typo bug. Should we do it or just finish the webUI update instead?	

### Consent Agenda

Non-contentious issues that can be agreed in a single vote. Members can ask for an issue to be placed on the main agenda if they want it to have more discussion.

Number	Title	Summary	Consent
--------	-------	---------	---------

			<b>Finalized?</b>
<a href="#">#1778</a>	Don't write an object record when there's no change	As title	Get 20C to review
<a href="#">#1784</a>	New web UI is missing the PDB stats in the footer	New design only shows stats to unauthenticated web users. Perhaps put stats in the lefthand column (used for marketing text) instead?	New design being developed
<a href="#">#1783</a>	Pick a search approach	Improve webUI for types of search	
<a href="#">#1780</a>	Searching for ORG/Companies in PDB fails	As title	
<a href="#">#1782</a>	Search fails to populate facilities an IX is present at	As title	
<a href="#">#1787</a>	Search fails to identify ALL IX's in fast search option	As title	

### Informational

No action required. Members should be aware that these new issues have been agreed since the last meeting.

<b>Number</b>	<b>Title</b>	<b>Bug?</b>	<b>Summary</b>
<a href="#">#1771</a>	UI - Runaway window close control	Yes	As title, simple webUI bug
<a href="#">#1774</a>	Search Anomalies	Yes	Scheduled (and see discussion in main agenda above)
<a href="#">#1777</a>	Public Peering Exchange Points Column to small	Yes	As title, scheduled
<a href="#">#1779</a>	New web UI is missing "Port Location" field under "Public Peering Exchange Points"	Yes	As title
<a href="#">#1788</a>	Sorting "Public Peering Exchange Points" of a "net" by "RS Peer" column actually	Yes	As title

	sorts by "Speed" column #1788
