RELEASE OVERVIEW

Next Release (August, 2.71.0)

	Major enhancement Dependency updates	<ul style="list-style-type: none"> OS and dependency updates for all services. No feature updates. Complete migration to containers for better scaling.
	Noteworthy minor enhancement Title	—
	Noteworthy bug fix Title	—

Schedule for major issues

Month, version	Major feature	Narrative
September, 2.72.0	Network IX adds & deletes are immediate, rather than taking effect on Save	The current situation violates users' UI expectations. Fixing this bug should avoid users and admins getting irritated.
October, 2.73.0		
November, 2.74.0		

Main agenda

- New comparison feature, PC and user feedback (see table directly below screenshot):

Exchanges
Networks
ASN Connectivity
Facilities
Organizations
Campus
Carriers

ASNs

AS13037 - Zen Internet
AS20712 - Andrews & Arnold Ltd

Maximum 10 ASNs.

Telehouse - London (Docklands North)	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Number	Title	Summary	Consent Finalized?
#1813	ASN Connectivity - Beta Feedback	<ul style="list-style-type: none"> Add a filter matched/non-matched sites Add ANY/ALL toggles Add a match count 	Yes
#1820	ASN Comparison Tool - Initial Feedback	<ul style="list-style-type: none"> Add a column for country Make headers sort on click Add a dropdown filter at the top Add color coding legend Add checkboxes to show matches only 	Yes

- Should we expand the functionality to compare exchange presence?
 - Sounds like generally yes
 - Yes
 - Visually a separate section for IXs vs facs
- Should we add a button (like on basic search) that turns the query into an API call?
- What is good?
- What improvements are needed?
- What is the priority for those improvements?
- JC notes:
 - Js table filtering etc could be very helpful
 - When looking at unions of more than 2 ASNs,
 - Matt: serverside filtering may in fact be good here
 - Directly enter ASNs vs clicking them

- Should we go ahead with a user survey later this year? If so, where in the [draft survey](#) should we remove, change, or add questions? And do we need to offer the survey in translation?
 - Priority to UI versus scope of PeeringDB?

Number	Title	Summary	Consent Finalized?
#1810	Allow disabling either passwords or TOTP for users with passkeys	Users with Passkeys enabled also need to present an additional factor if also configured. Should we allow Passkeyed authentication to proceed without TOTP etc... ?	Maybe create a per organization policy setting?
#1814	Improve Passkey or Security Key login flow	As title	

Consent Agenda

Non-contentious issues that can be agreed in a single vote. Members can ask for an issue to be placed on the main agenda if they want it to have more discussion.

Number	Title	Summary	Consent Finalized?
#1819	Derive Continental Region from Country automatically	<ul style="list-style-type: none"> • As title • Should we end US being the default country? That can lead to people not changing it and presenting a misleading picture? 	Take to the mailing list

Informational

No action required. Members should be aware that these new issues have been agreed since the last meeting.

Number	Title	Bug?	Summary
#1803	new ui dark mode is hard to read	Yes	Dark mode color scheme needs to be adjusted so tab text can be read

#1805	SLIs for PeeringDB load time	No	Add basic SLA's like actual load time for pages
#1806	Modifier info_type is not working	Yes	all network have info_type Enterprise
#1807	Lithuanian PeeringDB translation request.	No	A new translation has been added
#1811	Scheduled updates for translate.peeringdb.com	No	As title
#1812	Inconsistent/missing results when searching for IP addresses in v2	Yes	As title
#1815	Icelandic address normalization bug	Yes	As title, also German locations

AOB

- Unicode in names is causing problems for some tools that obtain data from PeeringDB.
 - City names etc... should have normalized presentation.
 - Worth doing some analysis and more discussion
