# Web UI

## Planned Improvements

- Software Dev Budget
- Dashboard options
- Lazy loading

# New KMZ Features

## Facility Data

- Locations and metadata
- Exported daily
- Importable to Google Maps

## Later this year

- Export searches to KMZ
- Improved visual attributes

# We Need Beta Testers

## Consider using the Beta environment as default

- Regular data refresh throughout the month
- Beta separated from production
- Early access to improvements
- Easy feedback mechanism
- Try it at <https://beta.peeringdb.com>

Contact us at [pc@peeringdb.com](mailto:pc@peeringdb.com) with any questions

# Volunteer Opportunities
